

Wastewater Vacuum Truck Services

WASTEWATER VACUUM TRUCK SERVICES:

Crystal Clean's Wastewater Vacuum Truck Services Program is a comprehensive, full-service wastewater management program that is focused on meeting the unique needs of each customer.

Our modernized program provides efficient, environmentally conscious removal and disposal of coolants, oily waters, sludges, and other sources of contaminated wastewaters.

Crystal Clean's fleet of state-of-the-art vacuum trucks collect millions of gallons of contaminated waters annually. Wastewater is processed at one of Crystal Clean's regional or approved third-party wastewater treatment facilities to remove oils, solids, and other contaminants to generate clean water, protecting the environment through the preservation of lakes, streams, and oceans.

SERVICE REPS

Our professional sales and service reps are an essential part of your wastewater management program and are committed to ensuring jobs are done fast while maintaining the highest level of safety and full environmental compliance with local, state, and federal regulations. Whether it's routine service or emergency cleanup, our team is here for you.

Clearly the better choice

SAFETY SERVICE SATISFACTION

Crystal Clean is a national leader in the environmental services market, providing the smart alternative. Crystal Clean operates more than 120 service branches, industrial services facilities, and waste recovery centers serving the continental United States. It's waste recovery centers include an oil re-refinery, multiple wastewater treatment and non-hazardous waste processing facilities, several antifreeze recovery centers, and a hazardous waste treatment, storage, and disposal facility. Whenever possible, Crystal Clean disposes of waste it collects in an environmentally sustainable way, recycling waste for reuse or disposing of in a waste-to-energy process.

SAFETY COMMITMENT

Crystal Clean Sales & Service Representatives are committed to conducting services in a safe and environmentally responsible manner in order to achieve the highest levels of customer satisfaction possible.
