

MODEL 1602

30 GALLON DRUM MOUNT UNIT

The Model 1602 solvent parts cleaner takes the original sink-on-a-drum design for parts cleaners and rebuilds it to provide modern safety features and conveniences. The machine is built from rugged constructions for extra durability and includes modern lighting, cleaning tools, and a recirculating pump for ease of use. The Model 1602 is designed to be mounted on 30 gallon drums.

FEATURES / BENEFITS

- Rugged Constructions including stainless steel lid for extra durability
- Updated LED work light for safety and convenience
- Dual flexible metal spigot and flow-through cleaning brush for added versatility
- Heavy-duty recirculating pump for trouble free operation
- Spring loaded door closure with 165°F fusible link
