

MODEL 1634

30 GALLON TANK UNIT

The Model 1634 solvent parts cleaner combines larger scale cleaning with modern safety and conveniences. Built from a heavy-duty steel construction, this model uses a dual flexible metal spigot and flow-through cleaning brush for added versatility while cleaning. The cleaner also features a removable inside shelf with a basket for smaller parts, an LED work light, and spring loaded door closure with a 165F fusible link.
