

MODEL 1648

40 GALLON TANK UNIT

The Model 1648 solvent parts cleaner combines larger scale cleaning with modern safety and conveniences. This model is built from a heavy-duty steel construction and uses a dual flexible metal spigot, spray nozzle, and air attachment bubbler bar for improved versatility while cleaning. The cleaner also features a removable inside shelf with a basket for smaller parts, an LED work light, and spring-loaded door closure with a 165°F fusible link.
