

## MODEL 1678

### 80 GALLON AGITATION UNIT

The Model 1678 solvent parts cleaner is ideal for cleaning large and heavy parts in a simple to use, automated process. Built from a durable steel construction, this cleaner's 2-speed air operation provides variable agitation speed to easily soak and clean dirty parts. The automatic opening lid, LED work light, and flow-through brush add additional safety and convenience to this heavy-duty machine.

## FEATURES / BENEFITS

- Heavy duty steel construction for extra durability
