

MODEL 2703

30 GALLON SS AQUEOUS DRUM MOUNT UNIT

The Model 2703 aqueous parts cleaner takes the traditional sink-on-a-drum design and partners it with the advanced benefits of aqueous chemistries. The stainless-steel construction provides improved durability and the flexible, heavy-duty cleaning brush and recirculating pump allow for trouble free operation.

FEATURES / BENEFITS

- Stamped stainless-steel construction for extra durability
- Updated LED work light for safety and convenience
- Dual flexible metal spigot and flow-through cleaning brush for added versatility
- Heavy-duty recirculating pump for trouble free operation
- Heated unit - thermostatically controlled preset to 110°degrees
- Standard Chemistry: M500
