

MODEL 2778

80 GALLON AQUEOUS AGITATION UNIT

The Model 2778 aqueous parts cleaner is ideal for cleaning large parts in a simple to use, automated process. Built from a durable stainless steel construction, this cleaner's 2-speed air operation provides variable agitation speed to easily soak and clean dirty parts. The automatic opening lid, LED work light, and flow-through brush add additional safety and convenience to this heavy-duty machine.

FEATURES / BENEFITS
