

# *Commercial Floor Cleaning Products*

# OVERVIEW

Crystal Clean's comprehensive commercial floor cleaning program is an innovative combination of cutting-edge cleaning equipment that works together to bring a highly efficient and streamlined process for maintaining the cleanliness of your facilities.

# INFINITY SOAP STATION

The Crystal Clean Infinity Soap Station comes in multiple varieties and delivers consistent dilution with a ready-to-use, closed-loop dual-flow dispensing system. It uses super-concentrated cleaners for powerful results with minimal effort and mounts easily to a wall or heavy-duty floor stand (sold separately).

# AUTOMATED DISPENSERS

## Caliber System

- Simple, cost-effective dispensing for concentrated cleaners
- Flow Rate: 1-4 GPM
- Metering tips ensure accurate dilution for bottles, buckets, and scrubbers
- Closed-loop connections for quick service and reduced exposure

## Eclipse System

- Flexible, durable dispensing for concentrated cleaners
- Flow Rate: 1-10 GPM
- Metering tips ensure accurate dilution for bottles and scrubbers
- Closed-loop connections for quick service and reduced exposure

## WalkAbout System

- Portable and lightweight
- Flow Rate: 2.8 GPM
- 32:1 / 64:1 presets
- Dispense trigger lock for auto filling
- Closed-loop connections for quick service and reduced exposure

## Floor Stand

- Stainless steel
- Great alternative to wall mounted systems
- Simple and organized

# CHEMISTRIES

## GAMMA

- Cuts through tough soils
- Super-concentrated to lower shipping and storage costs
- Corrosion inhibitors prevent flash rust
- Buffered for consistent performance at any dilution
- California-compliant formula available

## BETA

- Superwetting, non-emulsifying cleaning power
- Super-concentrated to reduce shipping and storage costs
- Removes rubber tire marks from concrete
- Buffered for consistent performance at any dilution
- Environmentally friendly, green-designed formula

## MIRACHEM

- No VOCs; meets strict air and wastewater regulations
- Industrial-strength for mop, bucket, or scrubber use
- Easily diluted for facilities of any size
- Ultra-concentrated to reduce packaging, shipping, and footprint
- Formulated to be recycled through our AFS Unit

\*Only available in 5, 55, and 275 gallons

## AVAILABLE SIZES

# ACCESSORIES

Our floor cleaning accessories including mop heads, mop handles, and double mop buckets which are designed to improve efficiency and cleanliness in commercial spaces. Reliable, easy to use, and built to stand up to daily demands.

## Mop Head

- Split microfiber provides superior cleaning performance; attracts more dirt than traditional mops
- Floors dry faster with non-streaking microfiber
- Use substantially less floor cleaner than traditional mops

## Mop Handle

- Ergonomic design to easily install the jaw clamp with a twist action for a tight, secure fit
- 1" W x 60" L heavy-duty plastic frame is easy to sanitize and designed for extended use
- Steel handle with swivel hand cap will not crack, warp, or splinter

## Double Mop Bucket

- Separate clean and rinse buckets for superior performance
- Ergonomically designed with easy to fill buckets and industrial-grade castors
- 50% more capacity than standard mop water bucket
- Extended cleaner life
- Less trips to empty dirty and fill clean solution

# MOP WATER RECYCLING STATION

Crystal Clean's mop water station with the Aqua Filtration System (AFS) removes dirt from used mop water before it reaches the drain, helping prevent clogs and plumbing issues. By filtering out contaminants, it helps cleaning chemistries last longer, saving money and reducing waste. Crystal Clean service professionals handle maintenance and waste collection, so the system stays running smoothly.

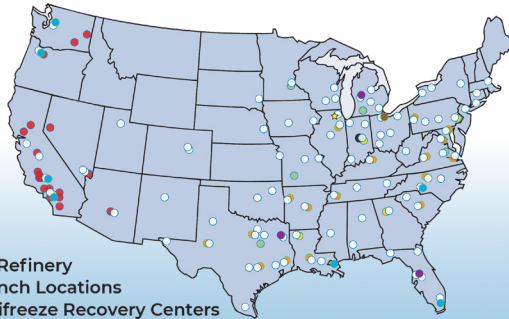

- Utilizes our patented aqua filtration system to allow for extended cleaning solution life.
- Minimizes waste and reduces the cost and need to replace chemistry
- Can only be used with Mirachem Floor Cleaner
- Tank dimensions: 59" W x 52" D x 48.5" H

## Clearly the better choice

SAFETY SERVICE SATISFACTION

Crystal Clean is a national leader in the environmental services market, providing the smart alternative. Crystal Clean operates more than 120 service branches, industrial services facilities, and waste recovery centers serving the continental United States. It's waste recovery centers include an oil re-refinery, multiple wastewater treatment and non-hazardous waste processing facilities, several antifreeze recovery centers, and a hazardous waste treatment, storage, and disposal facility. Whenever possible, Crystal Clean disposes of waste it collects in an environmentally sustainable way, recycling waste for reuse or disposing of in a waste-to-energy process.

- Re-Refinery
